When you come to the Col de la Forclaz continue down to the main "chef lieu" - village of Montmin. You will have the Church on your left.

Go straight through the village and you continue to go down towards a small village called "La Perrier". You will have a sharp right hand bend and on this bend there is a small pump house and garbage bins on your left, together with a road that goes off to the left over a small bridge towards "Plan Montmin". Take this road and follow for 1.5km. When you come into the village of Plan Montmin go straight down the hill towards the bottom part of Plan Montmin. The house "Les Chanterelles" is situated at about 1.7 km from the main road where you turned left. Janet, the owner lives on the 2nd floor, entrance between La Chavanne Chambre d'Hôte and Les Chanterelles, last door on your right. The studio is located on the ground floor entrance door on the right as you are facing the building.
